

SPONSORSHIP PROGRAM

For the 2012 – 2013 Academic Year

\$500.00

Mater Dolorosa School is offering a \$500.00 matching incentive program to all current families with children attending Mater Dolorosa School for the 2012 -2013 academic year. This incentive program is an opportunity for MD parents to save on tuition while increasing enrollment.

Here is how the program will work: For all available seats in each class at Mater Dolorosa School for the 2012-2013 academic year, a Mater Dolorosa School parent can sponsor an incoming student from another family who has not previously attended Mater Dolorosa School. Each sponsored student will receive \$500.00* off their tuition for their first year. Each current MD family that sponsors the student will also

receive \$500.00* off their tuition for the same year. The class spaces eligible for the sponsorship program are from first through eighth grade. The number of open seats in each class varies and will not be known until enrollment is completed in September. However, class sizes will be limited to twenty-five students per class and a waiting list will be generated in the event that there is more demand than anticipated.

The goal of this program is to increase enrollment while maintaining both a low student-teacher ratio and high academic standards. With incremental increases in enrollment we will be able to provide additional class subjects and other benefits to all students attending Mater Dolorosa School.

If you know a family that would like to experience Mater Dolorosa Catholic School in the next school year, start talking about enrollment now by suggesting a shadow day, scheduling a tour of the school and inviting them to our Open House on Sunday, January 29, 2012!

* The \$500.00 will be a credit provided at the same rate that the new family pays tuition, i.e if the new family pays in one lump sum at the beginning of the academic year, the sponsoring family will receive the credit in the beginning of the academic year. If the new family pays over a period of ten months, the sponsoring family will receive the credit over a period of ten months. While there are limited seats available an MD family can sponsor more than one child in a new family and more than one new family so long as seats are available. Credits will be limited to the total tuition that an MD family pays so that an MD family could enjoy a year of free tuition, but would not be entitled to any cash payment. All incoming applications with sponsors will be date and time stamped to insure that sponsoring families are properly credited before all seats for any particular class is filled. The administration reserves the right to amend or cancel the incentive program at any time.
